

CHORE CARDS: Cut apart and put in a small basket or bucket. Laminate if desired. When using, have each kid close their eyes and reach into the basket to pick the chore they'll be doing. Choose what you want those points to go toward (minutes of screen time, pennies, dimes, quarters, points toward a fun family activity, etc.). When done with the chore, if their work passes Mom/Dad's inspection, they will earn that number of (screen time minutes/coins/whatever you decide those points go toward). They may choose to do additional cards if desired.
